STEP 3

Touch Sensor Switch
for LED Lighting

1. Inspect wiring for any signs of cut wires or loose connections.
2. To make sure all connections are securely fastened, disconnect and then reconnect all connections.
3. Press and hold reset button located on the top edge of the Mini Driver for 2-3 seconds.

4. If the LED Strip Light still does not turn on, unplug the Mini Driver from Adapter, unplug the LED Strip Light from the Mini Driver, then directly connect the LED strip light connection to the Adapter.
5. If the LED Strip Light turns on, the Mini Driver must be replaced.
